<p>Firestone EPDM rubber roofing membrane Firestone RubberGard® EPDM is a singly-ply rubber roofing and waterproofing membrane. It is an inert material that does not contain chlorine or plasticisers with low environmental impact during production and use. Firestone's EPDM manufacturing facilities have received ISO 14001 certification as a result of the company's environmental management system. Firestone RubberGard® EPDM is also a highly durable membrane offering strong resistance to ozone and UV radiation.</p>	<p>Firestone Building Products Worldwide Headquarters, Firestone Building Products Company, 525 Congressional Blvd., Carmel, IN 46032-5607, USA</p> <p>European Headquarters: Firestone Building Products Europe, Hermesstraat 2C, 1930 Zaventem, Belgium, Tel. +32-2-7114450, Fax +32-2-7212718, E-mail: mailto:info@fbpe.be Website: http://www.fbpe.be</p>	<p>Tel: 1-317-575700 Fax: 1-317-575-7100 Email: Web: http://www.firestonebpc.com</p>

TRADUCTION :

Firestone RubberGard® EPDM est une membrane monocouche d'étanchéité de toiture en caoutchouc . C'est un matériel inerte qui ne contient pas de chlore ou plastifiants et qui bénéficie d'un impact environnemental bas pendant sa production et son utilisation. Firestone RubberGard® EPDM bénéficie de la certification ISO 14001 (certification de gestion environnementale). Firestone RubberGard® EPDM est aussi une membrane fortement durable offrant une résistance forte à l'ozone et à la radiation UV.
